

Celebrating our 13th year as owners and operators!!

Thank you for your support!

Thank you to all our guests and friends!

A message from Robert Paquin and Michelle Frechette:

Since February 2003, Munroe Lake Lodge has been a dream come true and we are proud and honoured to welcome each and every one of our guests.

Michelle and I were married in 1976. Three days after our wedding we started working for Michelle's parents, Tony and Marcelle, in a wilderness lodge. From that time on we were convinced we wanted to own and operate a fishing and hunting facility. While our three daughters were growing up we held jobs in education, from teacher to administrator, and in economic development. Every chance we had, we spent time with our daughters in the wilderness, instilling a love for nature they still nurture to this day.

At Munroe Lake Lodge we operate a family-oriented business. Our daughters, son-in-laws, Michelle's father Tony, even our grandkids, Christian, André, Angèle, and Yvan come to the lodge at different times to give us a hand and share the experience.

Michelle and I make a sincere, personal commitment to all our guests to do all we can to make your trip as enjoyable and successful as possible.
