100% Success rate

WOW!

What a hunt! 2006 may well be a benchmark for years to come.

Hundreds of migrating Caribou traveled close by, resulting in more than half of our 27 hunters taking their big Bulls within 1 mile of camp.

The official scores are not yet in, however we are very confident that many of the racks taken will qualify for Boone & Crockett. (Scores will be posted on our website as soon as we receive them.)

Many trophy Bulls, great weather and very few bugs.

Who could ask for more !!!!
