

Munroe Lake Lodge – 2008 Newsletter

Christmas is the most wonderful time of the year!
One of the real joys of our Holiday Season is having the opportunity to say
“Thank You” to you, our valued guest and friend. May this festive season
find you surrounded by the love of family and the laughter of friends and
may your
New Year be filled with Peace, Health and Happiness!

Munroe Lake Lodge’s 2008 fishing and hunting season marks our 6th year
as owner/operators of this truly wonderful place that we are proud to call
our home away from home. We are very thankful to have this life and take
great pride in offering our guests the very highest level of personal
attention, service and hospitality.

Fishing at Munroe Lake Lodge

Fishing results were great again this year! A grand total of 101 trophy fish
(Master Anglers) were landed and released. The complete list of our 2008
Brag Board can be viewed on our website (www.munroelakelodge.com). We
thank all of our fishermen who took such great care when releasing their
fish. This group effort will ensure the survival of a truly spectacular fishery.
Thank You!

Hunting at Munroe Lake Lodge

Caribou hunts: The first three Caribou hunts, from August 31 to September 15, 2008 saw many large herds of Caribou migrating through camp. All of our hunters got their Caribou and many trophy bulls were taken. Unfortunately, on Sept. 16th, the weather took a turn for the worst and we received two feet of snow accompanied by extreme cold temperatures. This weather pattern interrupted the migration and most of the Caribou herds returned up North for a few days (it was probably warmer up there!). However, on September 20th, the temperatures warmed up again and the Caribou returned on their migration path in great numbers.

Moose Hunts: **Munroe Lake Lodge** welcomed five Moose hunters this year. Four of these five hunters had booked a Combination Caribou/Moose hunt. These four hunters spent the first two days of their hunt at the Caribou camp on Farnie Lake. Once their Caribou were taken, they were flown back to the main Lodge on Munroe Lake to begin their Moose hunts. The hunters, along with their guides, worked very hard and because of this, the success of their hunts was very impressive. During this nine day hunt, a total of 4 Caribou, 3 Moose and 2 Wolves were taken.

Congratulations to all of our hunters!!
